

At George's Market, we're taking extra precautions as the coronavirus (COVID-19) continues to unfold. We have great confidence in our employees to keep our customers safe and to keep our shelves stocked in the face of the rising demand.

Our team is currently following the guidelines provided by Thunder Bay District Health Unit and we recommend our customers do the same.

These guidelines include:

- Washing hands regularly for a minimum of 20 seconds
- Avoid touching your face
- Cover coughs or sneezes with a tissue or sleeve, and get rid of used tissues immediately
- Clean and disinfect commonly touched surfaces

Our store will also be taking extra precaution measures for your safety including:

- Frequently changing gloves and sanitizing high traffic areas
- No longer accepting reusable products (bags, containers, etc.)
- Halting all store samples
- No cash upon delivery, only credit or debit (machine will be constantly sanitized)
- Delivery has been and will remain free to seniors over 65.

Remember COVID-19 needs our help to move from one source to another, it can't move on its own. We ask if you have travelled in the past 14 days, you kindly respect our business and stay home and order through our delivery service. To protect yourself and others, practice social distancing and stay home if you exhibit any symptoms.

We will continue to monitor the situation and provide updates as needed.

Local. Fresh. Authentic.
Since 1961.

Danny & Charmaine Thompson
